

### 3rd EFDA Transport Topical Group Meeting, combined with the 15th EU-US Transport Task Force Meeting

September 7		September 8		September 9		September 10																																																										
Tuesday		Wednesday		Thursday		Friday																																																										
08:30	Open	I2.01: Tynan (Review)	Session 2	I3.01: Nordman (Review)	Session 3 / 4	O4.01: McDermott (Oral)	Session 5	I5.01: Gusakov (Review)																																																								
08:40	Session 1		I2.02: Mueller (Review)	<b>Impurity Transport</b>	O3.01: Puiatti (Oral)	<b>Rotation Physics</b>	O4.02: Soldatov (Oral)	<b>Electron Transport</b>	I5.02: Jenko (Review)																																																							
08:50	Edge						O3.02: Hein (Oral)			<b>Transport Barrier &amp; L-H</b>	O3.03: Kobayashi (Oral)		O4.03: Versloot (Oral)	O5.01: Pochelon (Oral)																																																		
09:00	Transport												O3.04: Zou (Oral)			O4.04: Weiland (Oral)		I4.01: Scott (Review)	O5.02: Fable (Oral)																																													
09:10																		Coffee		Coffee	Coffee	Coffee	Coffee	Coffee																																								
09:20																									Session 3	<b>Rotation Physics</b>	I3.02: Dif-Pradalier (Invited)	<b>Transport Barrier &amp; L-H</b>	I4.02: Fujisawa (Review)	Session 5	O5.03: Tamura (Oral)																																	
09:30																																O3.05: Rice (Oral)	<b>General Discussion: Impurity &amp; Edge</b>	O3.06: McDevitt (Oral)		I4.03: Dong (Invited)	<b>Electron Transport</b>	O5.04: Gurcan (Oral)																										
09:40																																							O3.07: Hallatschek (Oral)	<b>General Discussion: Transport Barriers &amp; Rotation</b>	O3.08: de Vries (Oral)		O4.05: Conway (Oral)	<b>General discussion: Electron Transport</b>	O5.05: Puiatti (Oral)																			
09:50																																														O3.09: Wang (Oral)	<b>Posters (P3)</b>	O4.06: Estrada (Oral)		O4.07: Xu (Oral)	<b>Close</b>													
10:00																																																					Lunch	Electron transport										
10:10		Lunch																																																										Transport barriers & L-H				
10:20			Lunch	Rotation physics																																																												
10:30							Lunch																																																									
11:00	Session 1												O2.02: Pedrosa (Oral)																																																			
11:10	Edge																	O2.03: Horacek (Oral)																																														
11:20	Transport																								O2.04: Miki (Oral)																																							
11:30																																O2.05: Zoletnik (Oral)																																
11:40																																							O2.06: Told (Oral)																									
11:50																																														O2.07: Gunn (Oral)																		
12:00																																																					Lunch											
12:10		Lunch																																																														
12:20			Lunch																																																													
12:30							Lunch																																																									
12:40													Lunch																																																			
12:50																		Lunch																																														
13:00																									Lunch																																							
13:10																																Lunch																																
15:00	Session 2																																						O2.08: Canik (Oral)																									
15:10	Impurity																																													I2.03: Janzer (Invited)																		
15:20	Transport																																																				O2.09: Wrench (Oral)											
15:30		Posters (P2)																																																														
15:40			Impurity transport																																																													
15:50							Edge physics																																																									
16:00													Poster/Coffee																																																			
16:10																		Poster/Coffee																																														
16:20																									Poster/Coffee																																							
16:30																																Poster/Coffee																																
16:40																																							Poster/Coffee																									
16:50																																														Poster/Coffee																		
17:00																																																					Poster/Coffee											
17:10		Poster/Coffee																																																														
17:20			Poster/Coffee																																																													
17:30							Poster/Coffee																																																									
17:40													Poster/Coffee																																																			
17:50																		Poster/Coffee																																														
18:00																									Poster/Coffee																																							
20:00	Reception																															Dinner																																
21:00	Visit to mosque																																						Dinner
